Details zur Vorgehensweise und Abwicklung bei Bestellungen

Die Kaufabwicklung wäre Bestellung per E-Mail mit Rechnungs- und ggfs. abweichender Lieferadresse. Darauf folgt von uns eine Rechnung – wiederum per Mail - mit 100% Vorkasse binnen 14 Tagen per Überweisung. Der Versand ist deutschlandweit kostenlos und findet binnen 1-3 Werktagen nach Zahlungseingang statt.

Auf Wunsch bieten wir auch eine abgesicherte Zahlungsmethode mit Käuferschutz über PayPal an, allerdings müssen wir hier 3% Aufpreis für die dortigen Gebühren berechnen. Bitte teilen Sie uns hierzu Ihre gültige PayPal-E-Mail-Adresse mit.

Detailed instructions for order and delivery process

Order transaction – only possible via E-Mail – would look like the following:

- **your billing address**
- (**your delivery address** - if different)
- (**your VAT-number** [if you have one] for intra-Community supply)

Afterwards we confirm your order with an invoice – also per E-Mail. Please note that we only accept 100% prepayment, which has to be paid within 2 weeks. Our standard method of payment is bank transfer. If you wish, we can also offer PayPal, but with additional costs of 2%.

[Only PayPal: in this case please also tell us your **confirmed PayPal-E-Mail-address** . You do not have to transfer anything, we will request the correct amount from you. This method makes it easier and faster to verify the payment.]

The product will be sent within 1-3 days, after we received your payment. It is actually available from stock. In case the package weighs up to 40 kg, you will automatically get a tracking code from GLS (General Logistics Systems), or their local partner in your home country. Heavier products will be sent by truck. Unfortunately there is no tracking available for that at the moment.
